

### **MBMG Group**

Paul Gambles is co-founder and Managing Partner of MBMG Group, a multi-award winning professional research and advisory practice that provides seamless advice to individuals, corporations and institutional clients.

Paul forecast the Thai Baht devaluation and the Asian Currency Crisis in 1997. His own range of expertise includes asset allocation, tax structuring and macro-economic analysis.

He is licensed by the SEC as both a Securities Fundamental Investment Analyst and an Investment Planner. He is a member of Advisory Board of IDEA Economics and is well-known as an expert commentator appearing regularly on CNBC's Squawk Box and Bloomberg TV. Paul is a frequent contributor to chamber of commerce magazines and writes the weekly [MBMG Investment Advisory Update](#).

He is a senior judge at the Mai Bangkok Business Challenge at Sasin; a competition where some 45 world class universities from locations all around the globe present business plans and compete for His Majesty, the King of Thailand's Award.
